We recognise that:

- the welfare of children is paramount in all the work we do and in all the decisions we take all children, regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation have an equal right to protection from all types of harm or abuse.
- some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues.
- working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare.

We will seek to keep children and young people safe by:

- valuing, listening to and respecting them.
- appointing a nominated child protection lead for children and young people, a deputy and a lead trustee/board member for safeguarding.
- adopting child protection and safeguarding best practice through our policies, procedures and code of conduct for staff and volunteers.
- developing and implementing an effective online safety policy and related procedures.
- providing effective management for staff and volunteers through supervision, support, training and quality assurance measures so that all staff and volunteers know about and follow our policies, procedures and behaviour codes confidently and competently.
- recruiting and selecting staff and volunteers safely, ensuring all necessary checks are made.
- recording, storing and using information professionally and securely, in line with data protection legislation and guidance (more information about this is available from the Information Commissioner's Office: ico.org.uk/fororganisations)
- sharing information about safeguarding and good practice with children and their families via leaflets, posters, group work and one-to-one discussions.
